

# Hey!

*My name is Agnieszka. I am seventeen years old and my birthday is on the 05.02.1992. I live in Bolesławiec. I have a brother and I have a cat- it is nice to me but she bites dogs and people who scream and act loud around her. She is very lazy.*

*I do a lot of activities in my free time so I am never bored. When I was 8 I took up modern dancing. Next I was a scout girl. We went for trips to the forest in rain or shine. Later*

*I learned to play the keyboard but that wasn't for me... I prefer sports. I love sports. Before I went to secondary school I had been training volleyball. I played in the local volleyball team. Although I am not training now I have great memories. Since I was 8 I have attended art classes. I do stained glasses and painting.*

*I don't know which profession I will choose. This is my biggest problem.*

*I like laughing and fooling around with my friends. I think that we have just one life and one youth.*
