

My name is Ann and I was born on 11.06.1992 so I'm 17 years old now. I live in Bolesławiec in Lower-Silesia (Poland) with my mum.

Music is almost all my life, I love listening to many great bands like *Muse*, *The Police*, *Paramore* or other nice artists like *André Tanneberger* and *Yann Tiersen*. I wrote "almost" because the rest of my life is friendship – I love my friends and meeting them.

I don't know what I want to do in the future and I think that this fact is annoying.

I dislike reading books; I prefer movies like *The Butterfly Effect*, *Requiem for a Dream*, *Queen of the Damned*, *Death at a Funeral*, *The Devil Wears Prada* or *Underworld*. Sometimes I watch TV and then I relax with TV series – my favorites are *Grey's Anatomy* and *House M.D.*

I love sleeping and having very weird dreams. ;) I often laugh without a reason and I really don't like hamsters. I think that toasts are very delicious. In my opinion, the spring is the best season.

In general, I am a very cheerful, sympathetic and creative person. My friends think that I am also nervous and stubborn and, unfortunately, that's right.
