

Hello! My name is Maciek Chojnacki and I'm 17. I'm from Poland and live in Bolesławiec. It's a small town in the south-west of Poland. I like the place where I live because of the cool people and also that you can find there peace and quiet. My best school subjects are maths, physics and English. I train athletics but I also like playing basketball and football. My favorite team is Celtic Glasgow. As for the music, I'm into rock, especially AC/DC but I like listening to other kinds like jazz or pop. My friends find me cheerful, easy-going and broad-minded but I think I am sometimes lazy and moody.
