

Name: Milena Urban

Age: 17

Hometown: Bolesławiec, Poland

Interests:

Mostly chilling out, hanging out with my friends, meeting new people, having parties, spicy food, my bed :), laughing, going to concerts, horseback riding, swimming, playing music. I'm a violinist – it's more like a must-do, but it's worth the effort – I love the atmosphere of playing with other people. Especially I like playing with people from other countries, like during The Orchestra Of Associated Cities – we don't need to understand each other, we communicate through music:) I can also play the piano and the guitar, I sing, and last summer I tried drums and I loved it :F

I could talk about music all the time. I listen to The White Stripes , Tool, Rage Against The Machine, Muse – but only when I'm in the mood, and lately - Porcupine Tree. Basically rock, but I'm still searching for my fav sound :)

If I should choose the best movies of all the time, it would be Beetle Juice, *The Nightmare Before Christmas*, and many other freaky and creepy films. But I also like difficult movies like or *Fight Club*.
